

## Almost There: Kalaeloā Boulevard Improvement *Phase 1 complete*

It's been a long slog, but drivers will soon be able to enjoy a smooth drive on a new, improved Kalaeloā Boulevard between Lauwilili Street and Malakole Street. The green light at the end of the road is in sight, with Phase 1 just completed, which is about three-quarters of the roadway widening project. Royal Construction is now working as fast as they can on Phase 2, with a planned completion in early 2018 but with the real possibility of a fall finish date. The sewer pump station will be completed this summer.

"We really appreciate everyone's patience during this entire construction project," said Steve Kelly, vice president of development for Kapolei Properties Division. "We know it's been an inconvenience, but the end result will be well worth it for the more than 40,000 drivers that use this road daily to get to and from the James Campbell Industrial Park, the Kapolei Business Park and Kalaeloā Harbor." The \$50 million infrastructure project is funded by Kapolei Properties Division.
